WHEAT MARKET GAINS AND CLOSE IS STRONG

Northwest Cause of Bullish Sentiment.

CHICAGO, Dec 19 .- Reports of small stocks of wheat in the Northwest offset weak cables, and caused a steady close to the wheat market today. Final quotations on the May delivery showed a gain of ic. Corn was off 161c. Oats were to lower; provisions were 5c to 121c

were ic lower, provisions were ac to 124c lower.

The wheat market opened weak because of a decline at Liverpool, due, it was said to improved weather for harvesting in Argentina. Before the end of the first half-hour the market became strong because of numerous reports from Minneapolis and Winnipeg that stocks of wheat in the Northwest are unusually small. Sentiment continued bullish until after mid-day, when the market again slumped on renewed liquidation. The close was steady. May opened it to \$1.04, advanced to \$1.06, and closed at \$1.05.

Lower cables and the weakness in wheat caused a decline in corn at the opening of the market. Later prices railled in sympathy with the advance in wheat, but soon reacted and closed weak, near the low point of the day. The bearish factors were liberal local receipts and a poor shipping demand. May opened a shade to ight lower at \$8,658£, sold up to 58½c and then declined to 57½c. The close was 57½c.

Oats were firm early in the day because of scarce offerings, but weakened later in sympathy with wheat and corn. May opened ic higher at \$4½c, advanced to 54½c, and then declined to 55½. The close was at 54c.

Provisions were weak all day because of a 10-cent decline in the price of live hogs. Local packers sold moderately and the demand was slack. At the close May pork was off 12½c at \$12.474, Lard was off 5c at \$7.74. Ribs were 7½c lower at \$8,95,66.75.

Estimated receipts for tomorrow. Wheat, 27 cars; corn, 326 cars; oats, 193 lower.
